BIO-DATA

Date of Birth: 29th September, 1994

Sex: Male

Marital Status: Single

Nationality: Nigerian

PROFILE SUMMARY

I am a motivated and passionate Full-Stack Web Developer based in Lagos, Nigeria, with hands-on experience building responsive and functional web applications using modern technologies such as React, Node.js, JavaScript, and Tailwind CSS. I completed a 4-month Full-Stack Web Development programme at TechStudio Academy and three programmes with ALX Nigeria covering Frontend Web Development, AI Career Essentials, and Professional Foundations. I work effectively both within a team and independently, and I am seeking an internship opportunity to contribute to real products, learn from experienced developers, and grow professionally in a collaborative development environment.

TECHNICAL SKILLS

- Frontend: HTML5, CSS3, JavaScript (ES6+), React.js, Tailwind CSS, Responsive Design
- Backend: Node.js, Express.js, REST API Development, Nodemailer, EmailJS
- Database: MongoDB
- Tools: Git, GitHub, Visual Studio Code, Vite, Vercel
- Other: REST API development, debugging, problem solving, AI productivity tools

PROJECTS

Bizmal Hotel Booking Platform October 2025 – February 2026

- Built a full-stack hotel booking platform with room detail pages and dynamic stay-cost calculation
- Integrated automated email booking confirmation using Nodemailer on the Express backend
- Stack: React.js, Tailwind CSS, Node.js, Express.js, Nodemailer
- Live: bizmal-hotel.vercel.app | GitHub: github.com/saviola112/Bizmal-hotel

Goal Progress Tracker October 2025 – February 2026

- Built a React web app for setting, tracking, and visualizing personal goals with milestones
- Implemented component-based architecture with clean state management and daily update flow
- Stack: React.js, Vite, JavaScript
- Live: goal-front-s1wj.vercel.app | GitHub: github.com/saviola112/Goal-front

Espreo Cleaning Services Website October 2025 – February 2026

- Built a responsive business website for a cleaning company with modern layout and clear user journey
- Demonstrates ability to build polished client-facing sites with strong structure and brand presentation
- Stack: HTML5, Tailwind CSS, JavaScript
- Live: espreecleaning.vercel.app | GitHub: github.com/saviola112/Espree

Professional Contact Form October 2025 – February 2026

- Built a contact form with input validation, multiple query options, and consent checkbox
- Integrated real email submission workflow using EmailJS
- Stack: HTML5, JavaScript, EmailJS
- Live: contact-form-five-livid.vercel.app | GitHub: github.com/saviola112/contact-form
